In addition we are providing answers to the questions which had arisen during the briefing. Tammen appreciated our quick response. 25X1 10. [REDACTED] Took a call from Jay Sourwine, Counsel, Senate Judiciary Subcommittee on Internal Security, who asked whether we knew of any small, commercially available tape recorder better than the Hitachi TR 210 for taping room-sized conversations. I said I would get back to him on this.

25X1 11. [REDACTED] Jim Wentzel, Office of Legislative Affairs, Department of Justice called with regard to the Director's letter to the Attorney General concerning upcoming Department testimony on electronic surveillance legislation. He said he just wanted to assure the Agency that the Department will continue to reflect the interests of the foreign intelligence community in its testimony and its other efforts on electronic surveillance matters. We then went on to discuss prospects of the various bills pending before the House and Senate. Mr. Wentzel was quite pessimistic. He said that, in his opinion, the going will be tough, that Congress will pass unacceptable legislation, and that it will ultimately come down to whether a Presidential veto can be sustained.

25X1 12. [REDACTED] Werner Brandt, on the staff of Congressman Tom Foley, Chairman of the House Agriculture Committee, called to confirm the Agency's sugar briefing for July 9, between 5:00 p.m. - 7:00 p.m. at 1301 Longworth. He mentioned parenthetically that the Committee might be interested in a briefing on wheat at some future date. 25X1
